STATE OF NEW HAMPSHIRE.

To the Inhabitants of the town of Goffstown qualified to Vote in Town Affairs:

You are hereby notified to meet at the town house, in said town, on the second Tuesday of March, next, at 9 o'clock in the forenoon, to act upon the following subjects:

1. To choose a town clerk for the ensuing year.
2. To choose three selectmen for the ensuing year.
3. To choose a treasurer for the ensuing year.
4. To see if the town will adopt the Pillsbury highway bill, and pass any vote relating thereto.
5. To choose one or more road agents for the ensuing year.
6. To choose one cemetery trustee for the term of three years.
7. To choose all other necessary town officers for the ensuing year.
8. To see how much money the town will vote to raise for the benefit of the Rogers free library.
9. To see how much money the town will vote to raise to decorate soldiers' graves.
10. To see how much money the town will vote to raise for all necessary town charges, for the support of schools, for building new and repairing highways, sidewalks, and bridges for the ensuing year.
11. To see if the town will vote to enlarge the cemetery at the west village, and raise and appropriate money for the same.
12. To see if the town will authorize the selectmen to give permission to the Manchester Street Railway to lay its tracks alongside of the highway from the line between Manchester and Goffstown and through Goffstown village without expense to the railway upon such routes under the supervision of the selectmen of the town.

13. To see if the town will vote to discontinue that part of the old Mast road beginning at an iron pin driven in the ground 37 feet and 9 inches east of an elm tree marked; 35 feet southeast of the south post of the gate to the barnyard at the county farm, running westerly to an iron pin driven in the ground 111 feet southeast from the southeast corner of Albert H. George's hen-house; 118 feet and 3 inches northeast of the northeast corner of Thomas R. Taggart's house.

14. To see how much money the town will vote to pay on existing debts of the town.

15. To hear the reports of agents and auditors, and pass any vote relating thereto.

16. To transact any other business that may legally come before said meeting.

Given under our hands and seal this 25th day of February, 1899.

GEORGE PATTEE,
ROBERT L. SHIRLEY,
CHARLES H. MARTIN,
Selectmen of Goffstown.

A true copy of warrant. Attest:

REPORT OF BOARD OF HEALTH.

To the Selectmen of Goffstown:

As we closed our report last year we were undergoing an epidemic of measles, there being seventeen cases of this disease reported during January, 1898. No new cases of contagious disease were reported until October, when two cases of typhoid fever were reported, to be followed in January of this year (1899) by three cases of scarlet fever in the east part of the town, and one near Manchester. The latter case has been released from quarantine; the three cases in the east part of the town are still in quarantine. All of the rest of the town is free from contagious disease so far as we know.

Respectfully submitted.

FRANK BLAISDELL, M. D.,
C. F. GEORGE, M. D.,
Board of Health.

BOARD OF HEALTH OF GRASMERE.

As the member for this village, I have endeavored to faithfully perform my duty for the past year. Last summer complaint was made that a horse lately buried near this place was becoming offensive to some of the inhabitants thereof. I looked into the case; in fact, smelt of it, and found it to be a transgression of New Hampshire statute law.

I saw the former owner and had it more thoroughly buried. Very soon fault was found that the horse had again come to light, and that he was offending various people according as different winds blew. This time the burial received the addition of a mound which in future ages may be considered as a work of the mound builders.

For my services last year, care, anxiety, etc., I find that

the town owes me thirty cents. Before I had spent this for candy for the children I remembered that the honor of the office was worth a half a dollar. This report is written to balance accounts with the town.

EDWIN FLANDERS,
Board of Health of Grasmere.

ELEVENTH REPORT OF THE TRUSTEES OF THE ROGERS FREE LIBRARY.

This institution was founded in 1888. A Miss Lucy Rogers of Boston had offered to contribute books to the value of \$100 if the town would furnish a room and a librarian and give it the name of the Rogers Free Library. At the March meeting in 1888, the town voted to accept the offer and raised \$50 to purchase books and defray expenses. By-laws were adopted, a board of trustees chosen, and the library opened. The trustees were Samuel Upton, George B. Stevens, Frank Johnson, George E. Whitney, and F. B. Stevens. They were appointed for one, two, three, four, and five years respectively, and their successors, one each year, to serve five years. The board organized by the choice of Samuel Upton, chairman; George B. Stevens, secretary; Frank Johnson, treasurer, and they have served in that capacity to the present time.

Miss Isadore Johnson was appointed librarian, and so acceptable has been her work that she still occupies that position.

The first report of the trustees was made in March, 1889. From it we learn that Miss Rogers contributed 400 volumes; the Goffstown Glee Club, 100 volumes; the Lufkin library, 75 volumes; different individuals, 48 volumes; and there were purchased 22 volumes; total books, 685 volumes. Number taking books, 288; average number taken weekly, 89.

The library was opened for the delivery of books, Saturdays, from 3 to 8 p. m., and occupied a room in the old town hall.

In 1889 the town hall was repaired and for seven months the library was kept in the Congregational vestry, and on December 18 of that year it was moved into its present quarters.

The number of books has increased to 2,385; the number

taking books to over 300; the average weekly delivery to 137. The report last year, as printed, gave the number of books, 2,166; it should have been 2,266; purchased this year, 119; making the total number as above given, 2,385. We have endeavored to meet the wants of the people by purchasing such books as are called for, and such as relate to the progress of the world.

Shelves have been provided to meet the demands caused by the increased number of books until the capacity of the room is almost exhausted, and a larger room will soon be demanded. A building should be erected with rooms not only for the library but for a reading-room and for a museum, for the preservation of relics of olden times, and of minerals and plants found there. Many towns in this vicinity have such a building, the generous gift of some citizen, perhaps, to the "manor born." Such a building has Amherst, Sutton, Warner, and Weare, and each not only adds beauty and helpfulness to the town, but insures a pleasant memory to the town's benefactor.

A catalogue of the books would, we think, contribute to the usefulness of the library, and certainly be a great convenience to all its patrons. Without it we do not know how many good books are on its shelves. The expense of the catalogue might be met by the sale of same, or by a fair, a musical, a literary, or some other public entertainment. We suggest this as a hint to any who might want to do something for the good of others and their own pleasure.

REPORT OF TRUSTEES OF CEMETERIES.

With another returning year we present our annual report.

The fence at Grasmere has been painted the past year, and a decided improvement made in appearance. The trustees would repeat what they have so often said, that there is an urgent need of more land at the West yard, and something must be done before long to supply the need. The bequest of Mrs Nancy Barr, of Manchester, of \$300, has been received the past year and deposited in the Amoskeag savings bank.

REPORT

OF THE

BOARD OF EDUCATION OF THE INDEPENDENT DISTRICT.

To the Board of Education, Town of Goffstown :

The Board of Education of the Independent District submit the following report :

This report gives the condition of the schools for the year ending September 1, 1898.

The number of scholars in attendance has been as follows :

Fall term, 1897 : High school, 42 ; grammar school, 30 ; middle school, 41 ; upper primary school, 36 ; primary school, 43 ; total, 192.

Winter term, 1898 : High school, 38 ; grammar school, 29 ; middle school, 38 ; upper primary school, 38 ; primary school, 44 ; total, 187.

Spring term, 1898 : High school, 42 ; grammar school, 32 ; middle school, 38 ; upper primary school, 37 ; primary school, 43 ; total, 192.

Whole number enrolled during the year, 209 ; of these, 191 belonged to the district.

The census made by the truant officer gives 161 as between the ages of five and sixteen. Of these, 141 were reported as attending school, 16 as less than six years old, 2 sickly, and 2 at work. The employers of these two were seen, and arrangements made to have them study at home.

The High school was under the charge of Mr. Henry H. Stark. This was his first experience in teaching, and he proved him-

self a capable instructor and a good disciplinarian. With the assistance of Miss Bertha Pattee, the high reputation of the school has been maintained. Miss Pattee has been connected with the school four years, and is a faithful, earnest, and exacting teacher. In teaching mathematics and the natural sciences she has few equals.

The studies pursued in this room, and the number in each study, have been as follows: Latin, 36; arithmetic, 26; physical geography, 23; general history, 7; rhetoric, 12; geometry, 12; trigonometry, 2; English literature, 8; physiology, 20; bookkeeping, 6; algebra, 14; geology, 7; astronomy, 2; botany, 15; English history, 9.

A class of eight graduated at the close of the year, viz., Will Paige, Arthur Gregg, Bertha Cheney, Garrie E. Gove, Jeannette Mills, Elsie Moore, Grace Smith, and Ethel Gould. The graduating essays were finely delivered and well received.

The grammar school has renewed its experience in changing teachers. Miss Flint resigned at the close of the fall term, and was succeeded by Miss Edna Allison. Miss Allison was a graduate of the Normal school, was a good teacher, and was elected for another year, but, following the example of her predecessor, she declined the election and accepted a more permanent position.

Miss Gertrude J. Green taught the middle school. She was also a graduate of the Normal school, and found her position here a difficult one. A spirit of disorder had manifested itself in this room for some time, and it was feared that her pleasant words and gentle ways would fail to correct the trouble, but patience, perseverance, and *promotion* conquered, and the school is now doing well.

Miss Estes served through the year and then resigned. She carries with her the good will and best wishes of scholars, parents, and committee.

Miss Warren remained in charge of the primary, maintaining her well-earned reputation and giving satisfaction to all.

Mrs. Arthur Pattee continued to teach vocal music with gratifying success. Every year shows improvement, and we believe the time not far in the future when the remark, "I cannot learn music," will be as discreditable as "I cannot learn arithmetic." We

fear that reading and writing have not received proper attention, especially in the grammar room. If better results cannot be obtained there, it will become necessary to introduce these branches in the High school, where the recitations now are too many to enable the teachers to do justice to themselves or to the study.

Two years since, we introduced the vertical system of writing. It is the natural way to write. Children always write vertically, and there is no good reason why they should change that hand. Vertical writing is the easiest. It is freest from unnecessary lines and flourishes. It is the easiest to read. A poor vertical hand is more legible than a fairly good slant. It is also more conducive to health. It does not cramp the body or strain the eye, and we are glad to know that this system has been introduced into the town district.

The law providing for free text-books took effect January 1, 1890. It has therefore been in operation nine years. It has proved a great saving and a great convenience. The town reports show the expenditures under the law to average about \$500 per year. The number of different scholars attending our schools each year is about 450. The average expense for each scholar is less than \$1.25. This includes not only text-books, but globes, maps, charts, paper, pens, pencils, ink, and all the supplies of the school-room. Under the old system I have heard parents complain, when some change of text-book was contemplated, that it ought not to be done, for it would increase their expenditures, and it cost them, as it was, from \$5 to \$8 a year for the text-books required. From \$5 to \$8 then! \$1.25 now! In addition to the saving is the greater convenience. Each scholar has a book, his paper, pencil, ink and pen, and there is no excuse for failure in recitation from this source. There is no borrowing, and if a change of residence locates the scholar in another school, there is no expense for school supplies. The child of the poor is the equal of the child of wealth. The common school has become a free school.

We submit that the financial interest of the town and the educational interest of the children require that the same series of text-books be used in both the town and independent districts. This can be accomplished by the concurrent action of the two boards of education.

By the outlay of a little over \$500 our school building has been improved by furnishing it with two toilet rooms, and supplying water for drinking purposes in the upper hall. These conveniences more than pay the cost.

The present school year is now about half through. Some changes have occurred in the teaching force. Miss Alexander taught the grammar school during the fall term. Mr. Wesley Smith, a student from Dartmouth College, is its present teacher. He is giving good satisfaction and is doing good work in the room.

Miss Helen Carr, a graduate of our school and of the Plymouth Normal, is teaching the higher primary, and promises to be a valuable addition to our corps of teachers.

We notice with pleasure that many parents and friends have visited the schools, especially the primary grades. We think it would well repay them to visit the higher grades, and they will acquire a better knowledge of what the school is doing, and be less influenced by criticism. They may be assured they will find a welcome there.

We add the roll of perfect attendance.

REPORT

OF THE

SCHOOL BOARD OF THE TOWN DISTRICT.

In presenting our annual report, it is with pleasure we note the improvement made for the benefit of education in our district.

Three of our schoolhouses have been painted on the outside and the appearance of two school-rooms has been much improved by the application of a coat of paint.

It was thought best to discontinue the use of the Sanford series of arithmetics and adopt Wentworth's. For some time we have thought of discarding Patterson's grammars and adopting some series which makes plainer and more practical the use of our language, and have now adopted Metcalf's Grammar and Metcalf and Bright's Language Lessons.

A system of vertical penmanship has also been introduced. While we do not admire its beauty, we believe the majority of children can write plainer by its use, and especially those who are inclined to write a poor hand.

With an increase of our school money required by law, and your generous appropriation, we have been able to furnish thirty-two weeks of school and still have a good surplus.

For the spring term we tried centralizing some of our schools. The scholars in districts 2 and 4 were conveyed to Shirley Hill, and those on Tebbetts Hill to Grasmere. We think the scholars did better work, and know that it was a success financially.

We do not advocate disposing of our schoolhouses, but we do think it a great saving and benefit to unite two or more districts in one school when it can be done without too great inconvenience.

We have endeavored to procure the services of the best teachers we could for the prices paid, but it cannot be expected that we fur-

nish teachers who have studied years and spent a large sum of money to fit themselves for the work, as the present time demands. The scholars have made good progress and show a marked improvement over former years, and the parents have taken more interest in the welfare of their children in regard to education than formerly. It not only encourages a child to know that its parents are interested in its work, but it is a great help to a teacher.

We would recommend that the district raise two hundred dollars extra school money, and one hundred dollars for repairs.

We wish to thank parents, teachers, and scholars for their kindness and co-operation.

MOUNTAIN.

Fall term taught by William P. Hadley. Winter term taught by Josie A. Thompson. Good progress was made during both terms, and a very commendable interest shown.

PERFECT ATTENDANCE.—*One term*: Daisy M. Brown, Martha J. Brown, G. Herbert Brown.

Two terms: Martha J. Brown.

SHIRLEY HILL.

Spring term taught by E. Gertrude Bullard. This was a union school of the three districts: Mountain, Shirley Hill, and Kennedy Hill; and this is the way the schools should be run in order to derive the most advantage for the money.

This term may not have been as successful as we could wish, but with a larger school and better advantages than can be given to three small schools better results would follow.

Miss Bullard taught a good school.

PERFECT ATTENDANCE.—*One term*: Martha J. Brown, Arthur Bartlett.

Fall term, Josie Thompson. This was Miss Thompson's first effort, and, being naturally adapted to small children, her work was all you could expect with so small a school.

KENNEDY HILL.

Fall term, Barbara Gulliver.

Winter term, Marion D. Paine. Both teachers did good work, and good results were obtained. Miss Gulliver is a normal graduate of Plymouth, and Miss Paine of Radcliffe, and both good scholars. Both teachers were appreciated by the district.

PERFECT ATTENDANCE.—*One term*: Bertha Kendrick, Cora Kendrick, Charles Kendrick, Alice Roberts.

MAST ROAD.

All three terms taught by Miss Mary E. Fletcher. We have spoken of Miss Fletcher's ability as a teacher a number of times before. The examination at the close of each term was good.

PERFECT ATTENDANCE.—*Two terms*: Lawrence Cranshaw, Ernest K. Barnard.

One term: Sadie A. Cranshaw, Verna Barnard, George Towns.

NO. 7, EAST PART.

Spring and fall term, with Miss Clara A. Greer as teacher.

The scholars in this district take great pride in keeping their school-room clean, and we seldom visit a school where everything is in such good order.

Miss Greer fully sustained her reputation as an instructor, her school making a fine appearance upon our visits.

Winter term was taught by Miss Phoebe M. Witcher.

The scarlet fever was prevalent in this district, which caused a bad break in the school. The school appeared well upon our visits.

PERFECT ATTENDANCE.—*Three terms*: Herman L. Pollard.

Two terms: Irene M. Colburn, Harry O. Merrill, Herman F. Merrill, Ralph Merrill.

One term: Arthur H. Blaisdell, Ralph W. Cass.

NO. 8, TEBBETTS HILL.

Fall term, Grace M. Smith, teacher.

This was Miss Smith's first effort as a teacher, and she labored hard for the good of the school, and succeeded very well. With more experience she would make a fine instructor.

Winter term, Mr. Ed. Colby teacher, is still in session, and promises good results.

PERFECT ATTENDANCE.—*One term* : William H. Straw.

NO. 9, PRIMARY.

All three terms taught by Miss E. May Whitcher.

Miss Whitcher came to us well recommended, and she fully sustained her recommendation. The school prospered finely under her instruction.

PERFECT ATTENDANCE.—*Three terms*: Maurice, Florence, and Leona Greenwood, Ethel Vining.

Two terms : Louis Williams.

One term : Eri Adams, Guy Annis, Lucy Beard, Susie Annis, Lizzie George, Harry Adams, Rolla Beard, Georgie Williams, Mildred Jones.

NO. 9, GRAMMAR.

All three terms taught by Miss May B. Tirrell, who tried hard to please both parents and scholars, and the school has been most satisfactory.

PERFECT ATTENDANCE.—*Two terms* : Anna R. Copp, S. Emma Derbyshire, Ida B. Merrill, Etta B. Copp, Bertha A. Gould, I. Alonzo Perkins.

One term: Mabel A. Annis, Beulah L. Cleveland, Ina E. Merrill, Mima J. Merrill, Benj. H. Beard, Ida A. Burress, Ethel G. Cleveland, Bertha B. Merrill, Alfred M. Greer, Menta B. Libbey.

PATTEE HILL.

Spring term was taught by Miss Grace F. Francis, which made her fourth successful term in this district.

Fall and winter terms taught by Miss Laura N. Bennett, under whose instruction the scholars made good progress in their studies.

PERFECT ATTENDANCE.—*One term* : Dora M. Blaisdell, Jennie B. McLean, Carl B. Pattee, Leigh F. Woodman.

PARKER'S.

Parker's spring term taught by Annie M. Branon. Fall term taught by Marion D. Paine. Winter term taught by William P. Hadley.

Miss Branon is an excellent disciplinarian, and her school always appeared to good advantage.

This was Miss Paine's first term, and the success we expected was not realized.

The teacher of the winter term took the school at a disadvantage and taught a good school.

PERFECT ATTENDANCE.—*One term*: Eva R. Bailey, Charles Bailey, Ralph H. Hoit, Willie F. Emerson.

Two terms: Roy W. Bailey.

PAIGE HILL.

All three terms were taught by Miss Josephine E. Paige, a graduate of the Plymouth Normal school. The examinations at the close of each term were good, showing that teacher, scholars, and parents worked together for the interest of the school.

PERFECT ATTENDANCE.—*Three terms*: Harold G. Gilmore, Bertha Paige.

Two terms: Florence E. Paige.

One term: Guy Annis, Roy A. Whipple, Myra Whipple, Nellie M. Martin, Fred H. Colby.
